**FRAUD, WASTE, AND ABUSE ATTESTATION WILL BE DUE IN 2017
PLAN TO TRAIN YOUR STAFF FOR 2017!**

This is a reminder to all pharmacies that they are responsible for ensuring all pharmacists and staff meet CMS Fraud, Waste, and Abuse (FWA) training requirements. Pharmacists and staff must be trained within 90 days of hire and annually thereafter. To download the required CMS FWA course, please [follow this link](#) to the CMS Learning Network.

Pharmacies are also responsible for ensuring that their pharmacists and staff have not been excluded from participation in federal health care programs. To do this, pharmacies must review the [Department of Health and Human Services, Office of Inspector General List of Excluded Individuals and Entities](#) and the [General Services Administration Excluded Parties List System \(EPLS\)](#) prior to hiring individuals and monthly thereafter.

The Attestation Statement within the MirixaPro platform will become active immediately and you must attest to your compliance within the next 90 days in order to maintain your access to cases in the MirixaPro platform.
