

Contractor Pharmacist

Mirixa is seeking full time Contract Pharmacists to join our internal call center. Successful candidates will utilize their clinical knowledge to implement the optimal medication regimen for patients by identifying potentially harmful medication issues, optimizing medication usage, and collaborating with physicians and other healthcare professionals to improve patient outcomes.

Contract pharmacists are required to have current registered and active pharmacist licensure in Virginia and experience in a retail, hospital, managed care, or consultant setting with direct patient interaction. Exposure to MTM and related clinical services is preferred. A Doctor of Pharmacy degree is strongly preferred.

In addition, candidates must possess the following skills and abilities:

- demonstrated ability to effectively and efficiently discuss clinical information regarding medications from all sources (prescription, over-the-counter, herbal, etc.) in patient-friendly language
- sound working knowledge of Medicare Part D MTM
- congenial personality, warm telephone manner
- ability to work under pressure and achieve deadlines
- ability to work with others in a collaborative environment
- desire to advance patient care and the profession of pharmacy
- Spanish speaking is a plus
- high level of integrity and moral character
- ability to multitask
- excellent customer service skills, with the ability to quickly build rapport with patients over the phone and to interact in a friendly, professional manner with a wide range of patients, operations staff, and external professionals
- strong verbal and written communication skills
- impeccable attention to detail
- ability to organize in an efficient manner
- basic understanding of web technology
- proficiency with the Internet and online chat

Applicants should be cleared to work in the US. This is not a remote/telecommuting position. Relocation assistance is not available at this time.
